WE NEED TO

MAKE THE POSITIVE

SO LOUD

THAT THE NEGATIVE BECOMES
ALMOST IMPOSSIBLE TO HEAR

-GEORGE COUROS

#SS4EDU is our greatest tool for telling our school's story. The staff at #SS4EDU make social media seem easy when I know they are working tirelessly behind the scenes. I am so thankful to have them as part of our team!

AMANDA TUTOR

Business Manager
School District of Ashland, Wisconsin

Your work has helped us share the fantastic relationships that occur every day between our students and staff. So often, parents, the community, and even staff do not see the heartfelt emotional connections, and you have helped us share these stories. It helps everyone remember how special their school is, their staff is, and how we are all connected to each other.

JOHN HANNAH

Superintendent
Morton School District, Washington

The resources and ideas that #SS4EDU offers are second to none. Their laser focus on celebrating students and staff helps our community hear all the amazing stories of what is happening in our classrooms across the district.
